DETAILED ACTION

Response to request

1. This action is in response to the communication filed on 3/16/07.
2. Claims 1-29 are pending in this action.
3. In response to applicant's argument, claims 1-29 are allowed.

Allowable Subject Matter

Claims 1-29 are allowed.

The following is an examiner's statement of reasons for allowance:

As per claims 1-29: the claims are directed to the general area of collision avoidance.

The prior art of record does not teach or fairly suggest a receiver inviting a next node to transmit a next burst, as recited in claims 1, 11 and 21, and allowing an out-of-order node to transmit out of the transmit order when the receiver is otherwise idle, as recited in claims 27, 28 and 29, and, in all cases, as further argued by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
